

Global Enterprise Data Protection and Compliance Policy

This document outlines the comprehensive data protection, privacy, and compliance measures implemented by Global Enterprise to meet GDPR, HIPAA, and FDA requirements.

Section 1: Data Handling

All customer data is encrypted at rest and in transit. Access is strictly controlled and monitored.

Section 2: Regulatory Compliance

Our processes are regularly audited for GDPR, HIPAA, and FDA compliance. Any breach will be reported to authorities as required by law.

Section 3: Incident Response

In the event of a data breach, our incident response team will act within 24 hours to contain and remediate the issue.

Section 4: Vendor Management

All vendors are required to sign DPA and undergo regular compliance checks.

Section 5: Training and Awareness

All employees receive annual training on data protection, GDPR, HIPAA, and FDA compliance.
